[Los]

This is Zero Gravity, my ego actually can't get any bigger

Be a hero, battle me, I will transform bringing my weight

I destroy ya, boy I been a bulldog 'fore ella was a Hoya
Your b*tch be at the bar and she thinking I'm finna spoil her

'Cause I be in the car with the fins and the spoilers
When it come to models, I can never make the wrong decision

She five-ten but I'm really good at long division
I ain't that n*gga talking what he will or probably might do

Call it like a shark b*tch, girl I'll probably bite you
Left me in the jungle, didn't think I'd make it out it
Popped up out that b*tch, rocking a alligator outfit
Burgundy coupe, maroon roof, sh*tting on the world
Like they gave me a moon suit and some prune juice
So b*tch n*ggas act right all day, I dare the sun to come out

We'll have night all day, the next day they'll talk about that night all day

I shine bright, they don't know whether it's night or day
F*ck that sh*t, what it really do though?

Back in the building with a silly new flow
Ain't a limit to the place that I'm willing to go
And my swag too high for any ceiling you know?

Don't my flow disturb y'all? I be in your girl wall
She want me to hit it so she pitch it like a curve ball
She tell me you ain't batting like I

I bring the b*tches home like a sacrifice fly
