Swag city bitch  
I said it's swag city bitch!  
And I'm back, back, yeah  
Check it, uh!  
Nigger slide to decide, let her fly your guy in  
As I like that ass up like a flier ...  
Put high shit out like I'm fire fighting  
In my funeral you couldn't been as live as I am  
And I promise I am,  
my swag ain't even from this mother fucking planet  
I'm surprised that I am.  
Niggers want a better me, but not like...  
Cause I'm the best dot, but dot like period.  
Use the fucking business, this magazine cover  
gorgeous  
My ...covered with models, my... covered in horses  
Mother fucker is gorgeous  
And the winners push the... and cover 'em ...  
I got it covered, you couldn't cover a portion  
I'm killing you, son  
I hope my assurance cover a portion  
Cause I'm on that bullshit, and ain't sick of...  
I'm doping stuff in your nose with that shit that come in  
your pack  
..they better show me respect  
Cause I'm headed up to my neck, like a nigger covered  
in...  
It mixes me up with this... there's a track my energy  
Trying to do me, but they lack identity  
Black ass... just to throw ice on a face, like a nigger with  
a black ...  
I black out, you niggers back out to me  
I pass out... you pass out physically.  
Stick with me, ...lame ass mind  
Every bitch you see me with, playing a lame... dime  
Make 'em knock the world down between a Louis and a  
Gucci  
So I could shut the bull at the same damn time  
You're a train, I'm a plane, you're playing...  
Need to watch too, you watch to play ... you need...  
she give a lot of brain, and they ain't got one!

Stop some son, someone... all the number one option  
...niggers better group up, ... yeah niggers troop up!  
Get your ...jewelery together, shine your coops up  
Pop your pills and all your Cush, pour your juice up  
Cause when I put this... and lace these boots up  
All that fly shit, don't fly, just...  
I just want that... and I'm...  
Thinking about that Grammy, got Sammy so seduced  
up  
Yes, she got a ... little mammy getting scooped up  
I fuck her in Miami, let her pennies in my new truck.  
Ask her about me, I just smashed the beat  
Looking like... my bitch looking like fashion week  
Plus that's what it look like looking in my closet  
You're going... bitch, I look like a deposit.  
..when it's looking at the projects  
Take a step back, bitch, you're looking at their process  
Some will see the.. some will see the objects  
So my object is for you to see my progress.  
I guess I'm more... you can feel it in the air, I'm a  
billionaire ...  
Swag city bitch, swag city bitch  
Is bad boy, yeah I'm with Diddy, bitch!  
Swag city bitch, swag city bitch  
I'm king... you know the shit!
