[Los - Verse 1]

Dont give â€™em too much for nothinâ€™™  
But nothings too much  
These niggas doinâ€™™ too much of nothin  
lâ€™™ m hip-hopâ€™™ s doctor waitin to get it in  
But these rappers like cancer, my patience is  
gettinâ€™™ thin  
They decodin my raps, lâ€™™ m the coldest in rap  
I raised the bar, like lâ€™™ m workinâ€™™ on my  
shoulders, my back  
Niggas all in my lane, pulled to the shoulders and back  
I came back to the show, just to show that lâ€™™ m back  
So nigga back to the show, I show my back to them  
haters  
The show I kill â€™em wit style, lâ€™™ ll show you cats  
get some flavors  
I Burberry a nigga, that mean I bury you burr  
So cold I buried you burn, walkinâ€™™ away wearinâ€™™  
a fur  
Boy lâ€™™ m outta this world, yaâ€™™ ll clowns to me  
The man on the moon couldnâ€™™ t talk down to me  
I could box lightning, I mean box lightning  
cuz my gifts thats shockin so nigga stop fighting

[Sean Hayz]

You will never ever, ever ever, ever ever find a..  
Find another nigga like me  
Noooo, noooo

[Los - Verse 2]

They tried to one up me, cause I was 2 down  
Made me the one up running before the sun up  
Now no one could touch me, cause lâ€™™ m too proud  
I guess lâ€™™ m way too down to be the one up  
Nobdoy could back me down, nobody could shunt me  
Since nobody backed me now, nobodies in front me  
No Roc Nation, no GOOD music  
But somehow I still rocked the nation with good music  
No Maybach music, no young money co-sign  
Sat in my cousin Maybach and daydreamed the whole  
town  
Ambitious, ambitious, this nigga really got a Maybach,

damn nigga  
We hustle hard if your forfeit you die  
44 make fireworks no fourth of July  
We from the inches where the forty cal shells flurry  
And niggas set up with shot guns no Al murray  
Only the frail worry, so what you worryin bout  
Iâ€™m gettin my turn in, Iâ€™m happy how I turned  
out  
Do your thing young slim thats dope  
Iâ€™m just out here on the climb like the gym class  
rope  
Iâ€™m one smile past pain, one grin past hope  
So I think Iâ€™m the shit long as Iâ€™m cent past  
broke  
Iâ€™d like to report a problem  
Youâ€™re bout to explore an album  
Disguised as a mixtape thats hyped on some sort of  
volume  
Youâ€™re likely destroy the valium but it turned in  
itself  
For every time they turned me down  
They had it turning itself  
And I hope that you learn you suckas found they place  
Go to whoever at the top I said the crown aint safe  
disguised as a mixtape
