Oh, oh, oh
Ooh not

Shadowing a lot of blood and cried a lot of tears just to
get a nigga here
You dont employ at the moment, but I am mannered in
the end yea
My greed like me, but cant see like me, court vision for
the game
Ooh, at this point just to brought this point that we are
aint not the same
We aint not the same, we aint not the same, not the
same,
We aint not the same, we aint not the same, not same,
We aint not the same, we aint not the same, not same,
We aint not the same, we aint not the same, not same,

Ok loose, ah
Dear pops, I had a dream when you appeared in twice
You were here near to me, you were here with advice
Your vio is clear, precise, fewer days of my life
opposite the fear that they fell
And you appeared to be right
You told me never wakes, cause the wounded I would
have bend
Will hit the ground then shaking, then cracking creating
the chain
And now the worst of this world is my cambis, so pay
freely
But pay freedom, condition to this shit, you cant friar
me
Before you fated just stayed I cant honest just hide my
heart
Which is harmly your homie until I am honest
Honestly I am all in, wanna be on the comic, to comic
beyond the stars
Start on the really vomit, to seek inscriptions in crypts
My shit is crypted these crypts, my vision is wisdom,
vision living in prison
Different from niggas trigger, by shottery in the prison
And wishing this shit in giving and faded all like

distance like

Shadowing a lot of blood and cried a lot of tears just to
get a nigga here

You dont employ at the moment, but I am mannered in
the end yea

My greed like me, but cant see like me, court vision for
the game

Ooh, at this point just to brought this point that we are
aint not the same

We aint not the same, we aint not the same, not the
same,

We aint not the same, we aint not the same, not same,

We aint not the same, we aint not the same, not same,

We aint not the same, we aint not the same, not same,

Oh, note up knows, twisted

To live the life Im live, my soul is not too perfect

Just check out the graffic, the verses, dont scratch the
surface I am ugly as after birthdays

Were getting not two persons, fuck bitches who
matches the persons

Put niggas and matches horses ah

Be different millings, cue the ways and thats why cant
let you I watch you

Used to be upon the black on the roof, and I see a
nigga pull upon a black man shoe

When youre looking for a shot can prove that you are
witness how we are so different

Youre happy with what you got up, I see more than
gold, get it

Yea, why you stay in fear I notice it, I never sad over
less, I look for alteries in motions

They curt full, they carry this, popping calvaries for
riches

Corner that scarver smith, but nushed the dammas
with blacking dallas and bitches

And this ambitions is the key to kings, better pack that,
when the black pack that

And I suck that in the far sack, what about clack mark,
never go there with the fucks

Everybody but they know Im not gonna now get to
another level on,

I would never be an intelligible neither one, nor to
twisted nigga like either

Look another one and another one

Shadowing a lot of blood and cried a lot of tears just to
get a nigga here

You dont employ at the moment, but I am mannered in
the end yea

My greed like me, but cant see like me, court vision for
the game
Ooh, at this point just to brought this point that we are
aint not the same
We aint not the same, we aint not the same, not the
same,
We aint not the same, we aint not the same, not same,
We aint not the same, we aint not the same, not same,
We aint not the same, we aint not the same, not same.
