I got an hour's sleep on an empty stomach
Baby mama drama and it keep on coming
Look at my cup that I can't stop sippin
I can't give a fuck bout the way I'm livin
Every little thing seem to [?]
Damn when it rains man it keeps on pourin
Needed her the most when it all fell down
All fell down
But now

It's 11 eleven and I'm wishing on shooting stars
Back at quarter to seven when you said here's where
we are
And you left me
But you don't know my day
And you don't know my day
It's 11 eleven, it's 11 eleven
baby you don't know, what I've been through

I got a couch made up where I don't be sleeping
5am still facebook creeping
Looking at my phone like it's broke it aint ringing
She don't even call anymore what's the reason
Every little thing seem to [?]

Damn when it rains man it keeps on pourin
Needed her the most when it all fell down
All fell down
But now

It's 11 eleven and I'm wishing on shooting stars
Back at quarter to seven when you said here's where
we are
And you left me
But you don't know my day
And you don't know my day
It's 11 eleven, it's 11 eleven
baby you don't know, what I've been through

It's 11 eleven and I'm wishing on shooting stars
Back at quarter to seven when you said here's where
we are

And you left me
But you don't know my day
And you don't know my day
It's 11 eleven, it's 11 eleven
baby you don't know, what I've been through
