E-echo-cho, e-e-echo-cho

You did it to yourself,
Now your all by yourself.
Acting like you hate me,
I left because you make me.

You played me to the love,
Now there's nobody left.
To hear ya complaining,
And I'm gone.

And now all you're hear is your own
E-echo-cho, e-e-echo-cho
And I'm gone and your all alone.
Can't you hear the
E-echo-cho, (can't you hear the) e-e-echo-cho
No one to hear you,
There's nobody near you.

It started out great,
But who was to know.
The love that is lost,
Cannot be let go.

You say it's my fault,
Okay then now go.
It's better to know,
Now there's nobody to argue with.
Cause I'm not home,
Don't care who your with.
Don't call my phone,
Or did you forget.
You know your wrong,
I'm gone and your all alone.

Hearing your own damn
E-echo-cho, (hear the echo) e-e-echo-cho
I'm gone and your all alone.
Can't you hear the
E-echo-cho, (can't you hear the) e-e-echo-cho

No one to hear you
There's nobody near you.

Disgusted with trust,
I trust no one no more.
Just went with the flow,
Put myself on the floor.
When you went away,
All my pain went astray.
Like it's a new day.

Now I have no one to argue with,
Cause I'm not home.
Don't care who your with.
Don't call my phone,
Or did you forget.
You know your wrong,
I'm gone and your all alone.

Hearing your own damn (e-echo-cho)
Hearing your own damn (e-e-echo-cho)
No one is near you, no one can hear you.
It's your own damn
E-echo-cho, (can't you hear the) e-e-echo-cho
No one to hear you, there's nobody near you!

All night long I thought to myself.
Why would I stay with you?
Realize that you were the one
That issue
So I wouldn't miss you (oo)

To argue with.
Cause I'm not home,
Don't care who your with.
Don't call my phone,
Or did you forget.
You know your wrong,
I'm gone and your all alone.

Hearing your own damn
E-echo-cho (it's just you and your)
E-e-echo-cho (it's just you and your)
I hope you get along.
It's just you and your (E-echo-cho)
It's just you and your (E-e-echo-cho)
No one is near you, no one to hear you.
It's just your own damn (E-echo-cho).
It's just your own damn (E-e-echo-cho)
Echo (E-e-echo-cho)
E-echo-cho, E-e-echo-cho

To argue with.
Cause I'm not home,
Don't care who your with.
Don't call my phone,
Or did you forget.
You know your wrong,
I'm gone.
