Uh, baby, baby  
Chrishan, oh yeah!  
Chrishan the Prince!

I grew up in the city with them total Gs

Father was a G, my mother left us for the streets  
This why I got love for my niggas  
That's why most days I can't fuck with you, bitches!  
Back when I was 17 I had a bitch named \*\*\*  
Back when I was 17 I rolled a black bandana, boy!  
This life is just a dream boy, for a nigga  
Now you sip champagne VIP with the niggas hoe.

Dude sucks my ex hoe, ex hoe  
Ride around in my Range Rover  
Fuck you!  
Dude sucks my ex hoe  
Die bitch, ex hoe!  
Ride around in my Range Rover  
Can't trust these hoes!

Hook:  
Fuck everybody (fuck everybody!)  
These hoes tell you they love you and they fuck  
everybody  
So fuck everybody (fuck everybody)  
These hoes tell you they love you and they fuck  
everybody  
So fuck everybody (fuck everybody)  
And fuck you, you, you, and you too, and you too  
And fuck you, you, you, and you too, and you too

Uh, story of my life  
Oh, trying to make a hoe my wife  
She smashed the homie, I asked the homie  
Told me that he hit right then.  
She ain't even gave me a number,  
Gave him something the first night  
That's right!  
These days you can't trust many, trust me!

For peep sake you can't trust any of these women  
All these niggas shit just watch,  
Are they switch on you  
And I still probably wouldn't save her  
She, she stay away from my swimming pool!

Fuck everybody!  
See ever since I turned up' with me  
Fuck everybody!  
And every time I burn one, I burn feelings  
Fuck everybody!  
Now a nigga do her more better, I don't care about  
him!  
Bitch, I ain't hear more than you came  
Fuck me and still fuck everybody!

Hook:  
Fuck everybody (fuck everybody!)  
These hoes tell you they love you and they fuck  
everybody  
So fuck everybody (fuck everybody)  
These hoes tell you they love you and they fuck  
everybody  
So fuck everybody (fuck everybody)  
And fuck you, you, you, and you too, and you too  
And fuck you, you, you, and you too, and you too
