That futuristic kinda love.

yeeaaee yeeaaee yea.

[verse 1]

Waited for her at her locker.

carried her books to class.

She was Ms.Queen, Ms.Popular.

And see me, i was last.

And they told me i neva have a chance.

i was ??

but i walked up to her like..

"Baby girl you can be my heart, fa' sho."

i know, i know.

i know what you want girl.

[chorus]

I can be your futuristic love.

And i can be your outer space, spaceship trips kinda love.

And i can be the love that you wanna run to.

The love that you cant get get enough of.

That futuristic kinda love.

(2x)

I can be your futuristic love.

And i can be your outer space, spaceship trips kinda love. That futuristic kinda love.

[verse 2]

She deserves so much better.

Told her from the start.

I can give her the universe and the galaxy.

They could only break her heart.

And they told me give up.

I would never have this love.

I could never get this one.

So i walked up to her like..

"Baby girl, you can be my heart fa'sho"

I know. I know.
I know what you want girl

[chorus]
I can be your futuristic love.
And i can be your outer space, spaceship trips kinda
love.
And i can be the love that you wanna run to.
The love that you cant get get enough of.
That futuristic kinda love.
(2x)

[bridge]
Give me a chance, yea.
To be ya man, yea.
Promise that i do whatever i can to be yours.
Unconditionally yours.
Forever, forever, forever yours girl.
Forever yours girl.

Give me a chance, yea.
To be ya man, yea.
Promise that i do whatever i can to be yours.
To be yours. To be yours.
Girl you gotta hear me when i say..

[chorus]
I can be your futuristic love.
And i can be your outer space, spaceship trips kinda
love.
And i can be the love that you wanna run to.
The love that you cant get get enough of.
That futuristic kinda love.
