I could've loved you for hours
I could've loved you for days
If I had been less a guy I would have
I would have gave you a name yea

If I wouldn't worry about the little things
Cause growing up I didn't had much of anything
I wouldn't be on this road
Crying God I can't take it no more

Remember back where you used to stay
You told me even if we go our ways
You were mine, I was yours
And one day you walked through that door

I won't go, I'll hold on
Even if the rain comes down in the middle of July
I'll be strong, I won't move on
Even if the rain comes down in the middle of July

We could've shared life together
We could've shared love forever
I'm just a kid from the ghetto
I didn't know any better

No excuse for my chance
They say it's no use chasing that there
My pain you understand
That I could be a better man

Remember back where you used to stay
You told me even if we go our ways
You were mine, I was yours
And one day you walked through that door

I won't go, I'll hold on
Even if the rain comes down in the middle of July
I'll be strong, I won't move on
Even if the rain comes down in the middle of July

Even if the

Said Even if the
Even if the
Rain comes down
Middle of July

I won't go, I'll hold on
Even if the rain comes down in the middle of July
I'll be strong, I won't move on
Even if the rain comes down in the middle of July
Even if, even if the rain comes down
I won't go, I'll hold on (even if, even ifâ€¦!)
