If I could run, would you run with me baby
If I could leave, would you follow me
Cause this heart could be my ...one
And this life just a … one
So let's stop but the finish light is right here, it's right here
We could fly so high, we could fly so high
We could live in the sky, we could live in the sky
But I hate living, I hate living without you
I'm telling you girl and it's raining,
There's nothing so amazing and there I get …
Cause I know I feel some …
Know that … yeah, yeah, yeah, yeah
Girl I'm loving I'm loving you

If I needed you would you come to my rescue
Cause you be the air I breathe
The only one I need
Tired of playing around cause I live … this pain
And only days, oh baby
I just want you

We could fly so high, we could fly so high
We could live in the sky, we could live in the sky
But I hate living, I hate living without you
I'm telling you girl and it's raining,
There's nothing so amazing and there I get …
Cause I know I feel some …
Know that … yeah, yeah, yeah, yeah
Girl I'm loving I'm loving you

So let's stop but the finish light is right here, it's right here

We could fly so high, we could fly so high
We could live in the sky, we could live in the sky
But I hate living, I hate living without you
I'm telling you girl and it's raining,
There's nothing so amazing and there I get …
Cause I know I feel some …
Know that … yeah, yeah, yeah, yeah
…and I would ….

If I could run, would you run with me
We could fly so high, we could fly so high
We could live in the sky, we could live in the sky
But I hate living, I hate living without you
I'm telling you girl and it's raining,
There's nothing so amazing and there I get …
Cause I know I feel amazing
Know that … yeah, yeah, yeah, yeah
Girl I'm loving I'm loving you
If I could run.
