[Intro]

Yeah

You know what it feels like when you just
When you in love, and you feel like you in love for the
first time

Lemme tell you how it feels like

[Verse 1]

I, I, I did it on purpose, she heard it
Said a lot but it was mis-worded
Didn't want her to know, that she got me gone
I can't use my control
And the three words it kills me to say
Cuz I said it, and meant it, but fate is against it
Seems like every time I say it to a girl
It messes up my whole world (messes up my whole
world)

[Chorus]

Are you the one, or is it just a phase
I said I love you
Does it mean anything
Cuz I want to (want to) trust you (trust you)
My heart keeps telling me that you might really be
(True love, true love, true love, true love)

Cuz I want to (want to) trust you (trust you)
My heart it keeps telling me that you might really be

[Verse 2]

I, I remember that first night, heard my side
I, I remember you said it, felt so right
And the player in me couldn't hold what I had to say
Cuz the way you do me, I feel like I'm a king
And the three words it kills me to say
Cuz I said it, and meant it, but fate is against it
Seems like every time I say it to a girl
It messes up my whole world
Girl thats why I wanna know

[Chorus]

[Verse 3-Spoken]

Aw, yeah

Ladies and gentleman, Chrishan

Hey girl, I dunno what to say

Its just, you bring out the best in me you know

I love you baby

[Chorus]
