I don't give a f\*\*k about your day  
And I don't really care what you like  
I don't wanna hear what you say, ey.  
I don't give a d\*\*n that you're fine  
It don't really matter to me anyway, babe.  
You go your way, and I go mine  
And If this burden on my heart stays  
And I guess I'll be goin' tonight  
'Cause I've been up and down (up and down ),  
Turned around (turn around)  
Even had my heart broken  
And you saying now, (saying now)  
You just play it 'round (play it 'round), but how was I to  
know  
When you don't even know what you're doing (doing),  
What you're doing (doing), What you're doing, ey.  
What you're doing, Girl, what you're doing.  
And how was I to know  
When you don't even know what you're doing.  
Baby.  
I don't even kissed you before you leave  
And all I wanna do is go to sleep  
These nightmares turn into reality, say.  
I can't even look at you the same  
'Cause everyday I swear your face has change  
So if you say you're leavin'  
Go and leave  
And pray the next thang nothing like,  
Nothing like me  
'Cause I've been up and down (up and down ),  
Turned around (turn around)  
Even had my heart broken  
And you saying now, (saying now)  
You just play it 'round (play it 'round), but how was I to  
know  
When you don't even know what you're doing (doing),  
What you're doing (doing), What you're doing, ey.  
What you're doing, Girl, what you're doing.  
And how was I to know  
How was I to know...  
...baby just like that  
And my heart's right back again, and again

And again, and again, girl.  
Just like that  
And my heart's right back again, and again  
Like then..  
Let me hear you  
If you love your girl, say yeah  
And if you're tired of the fight and, say yeah  
And maybe nothing's worst  
Than a love that's worthless  
So tell me can we make it worth  
'Cause I've been up and down, turned around  
Even had my heart broken  
And you saying now,  
You just play it 'round, but how was I to know  
When you don't even know, what you're doing.  
What you're doing, what you're doing, ey.  
What you're doing, Girl, what you're doing  
And how was I to know when you don't even know  
What you're doing, what you're doing  
What you're doing, ey.  
What you're doing, Girl, what you're doing  
And how was I to know, how was I to know...  
(How was I, How was I to know, ey)  
(How was I, How was I to know, ey)  
(How was I, How was I to know, ey)...  
...How was I to know.
