i wanna walk on your wavelength  
and be there when you vibrate  
for you i'll risk it all

chrishan:

girl i wear shades on my heart, just to cover up these  
scars  
but i might take 'em down (for you, for you, for you, for  
you) ohh yeahh  
and you don't know the pain on my heart  
but you're the one the blame, from the start  
and i dont wanna wait (for you, for you, for you, for  
you) no more  
oh, listen to me, baby, might be crazy, cause even  
through it all

i wanna walk on your wavelength  
and be there when you vibrate  
for you i'll risk it all

kyle:

girl i hide my face from your lies  
it burns me anyways with your fire  
and still i'm falling down (for you, for you, for you, for  
you) ohh  
i can't seem to get away, from the hurt, i try to be the  
man, you deserve

but i don't wanna wait (for you, for you, for you, for  
you) w-wait no more, ohh

ohh, listen to me, baby, might be crazy, cause even  
through it all

i wanna walk on your wavelength  
and be there when you vibrate  
for you i'll risk it all

D.R:

i know we been through it all i know i messed up  
i put my all in you baby you got the best of, my  
everything

all of me, fall for your love like a soldier, was all i could  
be  
so when you tell me that you leavin girl it's killin me  
thought that you was feelin me, you was tryna get rid  
of me  
you was like my best friend, now we like enemies  
i should of read the signs, wasn't hard to ignore  
but i guess i won't wait for you no more

i wanna walk on your wavelength  
and be there when you vibrate  
for you i'll risk it all\*
