Yea, listen

All these models fake, nothing like you girl, you girl  
Why you trippin? They have nothing to do girl, do girl  
Yea, now you see I'm in the videos  
But you know I'm coming home to you yea  
To you yea yea

Tonight you're moving on but not for long  
On a different page but the same old song  
Now that we broke up I'm sure you understand

Aye, better me when I say, when I tell you I'm gone,  
gone yea  
If you were in my shoes what would you do?  
If you'd be what I been through, what it be to say?  
It's time for me to tell you I love you  
If you'd be what I've been through, girl look what you'd  
do

Took you shoppin, tryina bring you to my world, my  
world  
But you reckon, really I'm getting tired, tired yea  
Always tell me I'm going wrong  
When you know it's truly all on you yea  
On you, yea

Tonight you're moving on but not for long  
On a different page but the same old song  
Now that we broke up I'm sure you understand

Aye, better me when I say, when I tell you I'm gone,  
gone yea  
If you were in my shoes what would you do?  
If you'd be what I been through, what it be to say?  
It's time for me to tell you I love you  
If you'd be what I've been through, girl look what you'd  
do

Girl I love you, baby I swear I do  
But how I'm 'pposed to love you when you be killin my

mood?

Girl I love you, baby I swear I do

But how I'm 'pposed to love you when you be killin my mood?

Girl I love you, baby I swear I do

But how I'm 'pposed to love you when you be killin my mood?

Girl I love you, baby I swear I do

But how I'm 'pposed to love you when you be killin my mood?

If you were in my shoes what would you do?

If you'd be what I been through, what it be to say?

It's time for me to tell you I love you

If you'd be what I've been through, girl look what you'd do

If you were in my shoes what would you do?

If you'd be what I been through, what it be to say?

It's time for me to tell you I love you

If you'd be what I've been through, girl look what you'd do

What you'd do

Girl look what you'd do yea yea

What you'd do
