Oh, oh, ouho (x8)

(Verse 1)

Every time I leave you girl, I'm steady tryna find a way
To keep you missin me, cuz I know I've been gone, like
every day

And if I call, you don't pick up, I'm thinkin all of the
worst things

Like maybe she quit on me, cuz girl you're my
everything

(Hook)

Girl, I

Know I'm always on the road

Girl, I

Promise I'll be back at home

If, you

When it comes back again, tell me you can handle it

Tell me you can handle it

(Chorus)

When you miss me, baby girl you know it kills me
Cuz I don't wanna see you cry, everytime I say goodbye
So baby kiss me, and I'll be here before you miss me
Cuz I can't stand to watch you go, so baby girl I'm
coming home to you

Oh, oh, ouho (x8)

(Verse 2)

Baby I know times get hard, but I can't seem to get
away

And tell you I'm in this for love, but I'll be back one day
Wish I could just make the time, and maybe that's what
I'll do

Cuz I can't lose you, cuz baby my all is you

(Hook)

Girl, I

Know I'm always on the road

Girl, I

Promise I'll be back at home

If, you

When it comes back again, tell me you can handle it
Tell me you can handle it

(Chorus)

When you miss me, baby girl you know it kills me
Cuz I don't wanna see you cry, everytime I say goodbye
So baby kiss me, and I'll be here before you miss me
Cuz I can't stand to watch you go, so baby girl I'm
coming home to you

(Bridge)

Cuz I don't want nobody else
I don't want nobody else
Miss you, miss you, miss you baby
I don't want nobody else
I don't want nobody else
Miss you, miss you, miss you baby

(Chorus x2)

When you miss me, baby girl you know it kills me
Cuz I don't wanna see you cry, everytime I say goodbye
So baby kiss me, and I'll be here before you miss me
Cuz I can't stand to watch you go, so baby girl I'm
coming home to you

Oh, oh, ouho (x8)
