Well, she rolls her own cigarettes with the work of just  
on hand

She acts mean and she cusses, I know she wish she  
were a man

She got her teeth knocked out by a bucking horse  
And when I told her that It made her look tough

She just grinned and said, "I like it that way"

And then she loaded up her lip with snuff

She's my snoose queen, she's my Copenhagen angel

She's my Beech Nut bunny, she's my Red Fox brush  
hog

She can ride a bareback horse and she can really hook  
into a bull

She never misses her saddle bronc out and she rides it  
like a spurrin' fool

She team ropes with the best of them ties a calf in 9.3

She'll dogs steers just for fun and make a fool out of  
you and me

She's my snoose queen

Oh well, a buckle polisher she's dang sure not

She wins her own in all the tough spots

Chasing cowboys just ain't her style

It's winnin' the prize money that makes her smile

She's got a plug in both her cheeks, she's got

Copenhagen in her lip

She's got a roll your own stuck between her teeth

And I've never even seen her spit, she's my snoose  
queen
