She got a roof that don't leak
When the rain's pourin' down
She got a place I can sleep
Where I'll be safe and sound

She got a lock on her door
Oh but I got the key
And she don't walk the floor
But she worries about me

Oh when her love has no strings
Shackles or chains
But I'm holdin' on for dear life
She's like rollin' a seven every time I roll the dice

She got a big Oldsmobile
She got a dog that don't bite
She got a heart I can steal
Just like a thief in the night

She got a slow burning fire
She keeps the radio low
Oh when she gets all inspired
We let the good times roll

Oh when her love has no strings
Shackles or chains
But I'm holdin' on for dear life
She's like rollin' a seven every time I roll the dice

Her love has no strings
Shackles or chains
But I'm holdin' on for dear life
She's like rollin' a seven every time I roll the dice
