Cowboys ain't never got no money their wild and livin'
in a different world
They only care about their horse and saddle but a
cowboy doesn't keep a steady girl
The cowboy's rope and ride and drink hard liquor they
gamble givin' lady luck a whirl
They hit town well they ain't never stayin' cause a
cowboy don't keep a steady girl
Cowboys ain't suppose to love one woman cause
cowboys all got women by the score
Well if cowboys ain't suppose to love one woman I don't
want to be a cowboy anymore
[harmonica + piano]
Well I've been ridin' herd for oh so long now
I've been gone on fourteen years and maybe more
But I've finally found a filly full of sunshine so I don't
want to be a cowboy anymore
Cowboys ain't got time to raise a family cowboys don't
work jobs or mine a store
Well if cowboys don't have time to raise a family
I don't want to be a cowboy anymore
[harmonica + piano]
