Every time the end of the month  
Finally rolls our way  
We've got just enough money honey  
To see that the bills get paid

But this time we've got an extra hundred dollars  
And I'll tell you what we outta do  
Let's go downtown and throw it around  
And just blow it on just me and you

We can take the kids to your mama's  
?Cause our good times overdue  
We can dance all night and do it up alright  
But before the night is through

Let's drive down to the river  
The way we used to do  
Let's take a little money honey  
And blow it on me and you

Well, I've been doin' the best I can  
Just to bring the bacon home  
And you've been slavin' every day  
To make this house a home

But I've heard that too much work  
Well, it sure ain't good for you  
So let's take a little money honey  
And blow it on me and you

We can take the kids to your mama's  
?Cause our good times overdue.  
We can dance all night and do it up right  
But before the night is through

Let's drive down by the river  
The way we used to do  
Let's take a little money honey  
And blow it on me and you

Well, let's take a little money honey  
And blow it on me and you
