Well, the sun came up this mornin'  
My ain't it a beautiful day  
Heard that highway callin'  
Time to be on our way

Girl, I never seen the sun shine brighter  
I need you to be my rainbow rider  
Your sweet smile can keep all the clouds at bay  
So come on, get up, we can use a holiday

We're gonna drive up on the mountain  
Clear up to the timber line  
We sleep out in the moonlight  
Way up there among the pines

In a grassy meadow with the stars up above you  
I'm gonna show you how much I love you  
We're gonna leave all our worries and cares behind  
So come on, rainbow rider, time to rise and shine

We've been hangin' around this ole town too long  
Can't you hear that highway callin'  
The radio is playin' a traveling song, come on

We'll wake up in the mornin'  
Have coffee at a small cafe  
And then we find a celebration  
And listen to the guitars play

We're gonna run in the sunshine, dance in the  
moonlight  
As long as you're with me, everything will be just right  
I might stop to pick you a sweet bouquet  
So come on rainbow rider, let's be on our way

Yeah, we'll go up on the mountain, all the way to the top  
We might just keep on goin', we might never stop
