Maybe a moonbeam
To light the way when evening comes
Hasn't a worry
Don't care 'bout the cold outside
Only a glad wish
For a magic ride on wings of gold

Only a daydream
Maybe a moonbeam
Just a star bright
Forever nightshade Mary goodnight

She don't want money
Don't want rings or fancy things
Only a star bright
To shine behind big clouds of joy

Only a daydream
Maybe a moonbeam
Just a star bright
Forever nightshade Mary goodnight

Only a daydream
Maybe a moonbeam
Just a star bright
Forever nightshade Mary goodnight
