Rain, rain, rain, a wicked rain falling on the town
Down, down, down, pouring down upon the night
Well, there's just one chance in a million
That someday we'll make it out alive

Rain, rain, rain, an evil rain falling all the time
Sun, sun, sun, sun don't ever want to shine
Well, there'll be no light in the morning
Till some peace at last we find

Like travelers in the darkness can't see our way
Trying hard to make it through another day

Father, father, father, why do you let your sons go
astray?
Brother, brother, brother, why must we go on this way?
Well, there's a storm off in the distance
And it looks like it's here to stay

Rain, rain, rain, an evil rain falling from the sky
Sun, sun, sun, sun don't ever want to shine

Rain, rain, rain, wicked rain
Rain, rain, rain, evil rain
Rain, rain, rain, sun, sun, sun

Rain, rain, rain, wicked rain
Wicked rain, wicked rain
Wicked rain, wicked rain
