I met a girl back in '69
With a reputation sweet as wine
I told my daddy that I'd make her mine
He said son she'll make you lose your mind
I thought my mind was all made up
But now she's with me and I'm
All tied up

I can't go out late at night
Don't you know that that ain't right
'cause when I come home she's ready to fight
But then she'll kiss me and she'll say goodnight
I thought my mind was all made up
I didn't know that I'd be

All tied up

I can't go out late at night
Don't you know that that ain't right
'cause when I come home she's ready to fight
But then she'll kiss me and she'll say goodnight
I thought my mind was all made up
I thought my mind was all made up
I didn't know that I'd be
