I think it's time we both sat down to talk
No, don't walk away
Let me say just how I feel for you
You just might wanna stay

'Cos I wanna be with you
Only you always
I'll make your dreams come true
Loving you always

Everyday I wanna share with you
Just what's inside of me
Ain't no love out there for me but you
So please hear me say

I wanna be with you
Only you always
I'll make your dreams come true
Loving you always

So you see I just can't let you go
So don't throw us away
What the future holds we'll never know
But this much I can say

Yeah, I wanna be with you
Only you always
I'll make your dreams come true
Loving you always
I'll make your dreams come true
Loving you always
