If I told you I love you, would you walk away?
I'm not trying to fool you, there's no playing games
You're tired of being alone though I feel the same
Oh, maybe falling in love, take away your pain

So I have to say
(I have to say)
That I really love you
(I really love you)

Don't be afraid
(Don't be afraid)
I just wanna know if you're staying with me
(Just wanna know)

Oh, I can take you away to places out of this world
All I need is the time of day to make your dreams for
real
Take a chance on love, I'm gonna do the same
Oh, we're two hearts of a kind, we're gonna have it
made

So I have to say
(I have to say)
That I really love you
(I really love you)

Don't be afraid
(Don't be afraid)
I just wanna know if you're staying with me
(Just wanna know)

So I have to say
(I have to say)
That I really love you
(I really love you)

Don't be afraid
(Don't be afraid)
I just wanna know if you're staying with me, yeah
(Just wanna know)

Woah, don't go running away like you have before
Oh, all your wildest dreams are just beyond the door

So I have to say
(I have to say)
That I really love you
(I really love you)

Don't be afraid
(Don't be afraid)
I just wanna know
(Just wanna know)

I have to say
(I have to say)
That I really love you
(I really love you)

Don't be afraid
(Don't be afraid)
I just wanna know if you're staying with me
(Just wanna know)
Are you staying with me?

Stay with me, baby
Stay with me, babe
Stay with me, baby
Stay with me, baby
Yeah, yeah, oh, yeah
