Baby, you sure are looking fine, yeah  
Darling, I wanna make you mine  
Don't get me misunderstood  
I just want to make you feel good, yeah

Won't you, won't you let me take your hand? Yeah  
And I'll love you like a Texican can, yeah  
Don't get me misunderstood  
I'm just trying to make you feel good, baby, yeah

I feel a burning down in my soul  
She's looking good from her head to her toes  
And my heart's beating out of control  
But I like it a lot

So I gotta to tell her how I feel  
And let her know that what I'm feeling's for real  
She's got me on my knees, begging, baby, please  
She's wild, yeah, Texican style

I feel a burning down in my soul  
She's looking good from her head to her toes  
My heart's beating way out of control  
But I like it a lot

So I gotta to tell her how I feel  
And let her know that what I'm feeling's for real  
She's got me on my knees, begging baby, please  
She's wild, Texican style

My heart's beating way out of control  
But I like it a lot  
My heart's beating way out of control  
But I like it a lot
