I was once out strolling one very hot summer's day  
When I thought I'd lay myself down to rest  
In a big field with tall grass, as I lay there  
With the sun caressing my face, I fell asleep and  
dreamed

I dreamed I was in a Hollywood movie  
And that I was the star of the movie, well this really  
blew my mind  
The fact that me, a dark skinned ball-haired  
[Incomprehensible] from New York could be the star  
Of a Hollywood movie, but there I was

I was taken to a place, the hall of the mountain kings  
I stood up high on the mountain top, naked to the world  
In front of every type of girl, there was long ones, short  
ones  
Big ones, round ones, black ones, white ones  
Red ones, crazy ones, out of the middle, came a lady  
She whispered in my ear, say what, something crazy,  
she said

"Spill the wine and take that girl  
Spill the wine and take that girl  
Spill the wine and take that girl  
Spill the wine and take that girl"

I could feel hot flames of fire roaring down my back  
As she disappeared, but soon she returned  
In one hand she held a bottle of wine and in the other,  
a glass  
She poured some of the wine from the bottle into the  
glass  
Raised it to her lips and just before she drank it, she  
said

"Spill the wine and take that girl  
Spill the wine and take that girl  
Spill the wine and take that girl  
Spill the wine"

Now, [Incomprehensible]

Spill the wine and take that girl  
Spill the wine and take that girl  
Spill the wine and take that girl  
Spill the wine and take that girl

Take that girl, oh it's all good  
Spill that wine, spill that wine  
Spill the wine, spill the wine  
Spill the wine, spill the wine  
Spill the wine, spill the wine  
Spill the wine, take that girl, it's all good

You got to spill the wine and take that girl  
Spill the wine and take that girl  
You got to spill the wine and take that girl  
Spill the wine and take that girl
