When you're young and so in love as we  
And bewildered by the world we see  
Why do people hurt us so  
Only those in love would know  
What a town without pity can do

If we stop to gaze upon a star  
People talk about how bad we are  
Ours is not an easy age  
We're like tigers in a cage  
What a town without pity can do

The young have problems, many problems  
We need an understanding heart  
Why don't they help us, try to help us  
Before this clay and granite planet falls apart

Take these eager lips and hold me fast  
I'm afraid this kind of joy can't last  
How can we keep love alive?  
How can anything survive?  
When these little minds tear you in two  
What a town without pity can do

How can we keep love alive?  
How can anything survive?  
When these little minds tear you in two  
What a town without pity can do  
No, it isn't very pretty what a town without pity can do,  
ooh
