Hiya bimbo!

Oh sod off!

You wanna go for a ride?

Look I've told you...

Just coz I'm a girl
Does not mean I'm a bimbo
I have blonde hair
That means you care
I just have to smile
Your pants stick out a mile
You think you can have me
You sad pervy

Come on silly, touch my...
Leave it!

I'm a sad bimbo girl
The thickest in the world
I am dim, I am thick, and I'm easy

You're a doll, rock and roll
Your fake breasts will explode
And it's cool you failed your GCSE

But I'm nice!
And I'm cute!
And I like the smell of fruit

I'm a bimbo girl
In a bimbo world
Yes I'm tempting
But my head is empty
You can buy me stuff
Three cars is not enough
As you really want me
I'll spend all your money

Come on bimbo, let's go limbo (Just get stuffed!)
Come on bimbo, let's go limbo (Ummmm...)
Come on bimbo, let's go limbo (I've forgotten the
question!)
Come on bimbo, let's go limbo (Ummmm... What?)

I am just a nice girl
And my hair is in curls
And I know it looks blonde, but I dyed it

You look good, you look neat
I'm hungry, let me eat
Page nineteen of this book, can we try it?

You get stuffed
You sad pratt
I will break if I do that
I can't bend
In that way
I'm not coming out to play
