I'm gonna find her

HMmmm...

She's the type of girl. (Every man would like to know)
You give her the world (She's so beautiful)
She could catch your eye, if she walked right by
She would leave you mesmerized (So let me walk
outside my door)
I'm so sure that I can find her (I can't hesitate no more)
Just can't wait any longer
Time is running out and I don't want to live in doubt
I'm sure that she's out there if it's the last thing I do
I'm gonna find her

[Chorus]

I'm gonna search the world
I'm gonna search the world (I'm gonna search the
seven seas)
I'm gonna find that girl (Hey...)(The perfect one for me)
I'm gonna find her
No matter what I do...you just wait and see
I'm gonna find that girl

I thought I saw her (just the other day)
Somehow I found her (it was only in my head)
It felt so real that I couldn't understand (I couldn't
understand)
How could I let her get away (So let me walk outside my
door)
I'm so sure that I can find her (I can't hesitate no more)
Just can't wait any longer
Time is running out and I don't want to live in doubt
I'm sure that she's out there if thats the last thing I do
I'm gonna find her

[Chorus]

I'm gonna search the world
I'm gonna search the world (I'm gonna search the
seven seas)

I'm gonna find that girl (The perfect one for me)
I'm gonna find her
No matter what I do...you just wait and see
I'm gonna find that girl

I...Ah

She's the type of girl
That every man would love to know
You give her the world
'Cuz she's so beautiful
She will catch an eye if she walked right by you
She will leave you mesmerized

Hey...

I'm gonna search the world (I'm gonna search the
seven seas)
I'm gonna find that girl (the perfect one for me)
I'm gonna find her
No matter what I do...you just wait and see
I'm gonna find that girl

I'm gonna search the world (I'm gonna search the
seven seas)
I'm gonna find that girl (Hey...)(the perfect one for me)
I'm gonna find her
No matter what I do...you just wait and see
I'm gonna find that girl

I...Ah
