Ahhhahaha

I just want you to know
That I love you
And that you mean
The world to me
Your one and only true love
Listen...

Babygirl since the first time
I looked into your eyes
I seen so many things
That had me hypnotized yeah
When I reminisce to
When we ever started
(started)
It was you that loved me
When I was broken hearted

If I couldn't give you the world
Would you still be my girl?

As long as a love like you and me
I will give you all my love
And I'll give you all my trust
Because you do the same for meee

I will give you roses
Here they are
I'll give you all my love
Don't go far
Give these rings for you
Be my shining star
(be my shining star)
You'll never have to worry anymore
(anymore)

I will give you roses
Here they are
(here they are)
I'll give you all my love
Don't go far

(don't go far)
Give these rings for you
Be my shining star
(shining star)
You'll never have to worry anymore

Now that you have accepted
My lovery, baby you and I girl
Can handle defensive things

I'll give you roses
When we make love
Throw them on the bed sheets
My feelings are so strong
And it feels just like a dream

If I couldn't give you the world
Would you still be my girl?

As long as a love like you and me baby baby
I will give you all my love
And I'll give you all my trust
Because you do the same for meee

I will give you roses
Here they are
(oh baby baby yeah)
I'll give you all my love
Don't go far
(don't go far baby yeah)
Give these rings for you
Be my shining star
(you're my shining star)
You'll never have to worry anymore
(anymore)

I will give you roses
Here they are
I'll give you all my love
Don't go far
(don't go far)
Give these rings for you
Be my shining star
(you're my shining star)
You'll never have to worry anymore
(anymore)

I'll love you when the sun comes up
(comes up)
I'll love you when the sun goes down
(goes down)

You know that I'll be right here for you girl
Cuz you are the woman for me
I'm down on bended knee
So here's my roses and haahhhhh

I will give you roses
Here they are
I'll give you all my love
(all my love)
Don't go far
Give these rings for you
Be my shining star

(anymore)

I will give you roses
