Chorus:

Closer, closer Josie  
Girl I want to hold you  
I remember the first time,  
That I ever told you  
And I can still recall  
The way I whispered to you  
I said girl I want to be with you,  
So closer, closer Josie

You were not my first love,  
You won't be my last  
When I wanted to touch you,  
You said I move too fast  
Go out to a movie  
To watch the late late show  
When you whisper to me  
I guess it's time to go

Chorus repeats to end
