You don't listen what the people say
The people gonna have to take their own way
You got to give the people what they need
And only then will they begin to see

There's a world that we don't know
There's a world we never see

I don't need this trouble
I don't need the grief
I don't need to feel this pressure down on me
Every day there's something we don't really need

Stop, think, walk away and let it be
Stop, think, walk away and let it be

There's a world we never see
