Well if you want me then just take my hand
And if you don't, I will understand
It's just a call from deep within my soul
The burning question, I have got to know

Take a message from love to love
Take it down, from love to love
Girl it's you I'm thinking of
I'll send this letter from love to love
And if I ask you will you take this dance
Please don't think you're taking some big chance
It's just a fire and it burns for you
You know there's one thing that you've got to do

Take a message from love to love
Take it down, from love to love
Girl it's you I'm thinking of
I'll send this letter from love to love

I'll share your secrets on a rainy day
'cos if you'll have me then we'll be away
Oh there's a fire and it burns for you
You know there's one thing that you've got to do

Take a message from love to love
Take it down, from love to love
Girl it's you I'm thinking of
I'll send this letter from love to love
