I can't run, in your eyes
There's no place left to hide
You have seen my every mystery
Just show itself and die
So I will fly before you
And all is all to see...

Take my hand, understand
There are no more foolish dreams
So many things we just can't share
Are standing, in between
So I will fly before you

And all is all to see...

I will always want you near
In the shallow lights of day
No-one else will share my nights
Is all that I can say
And I will always want you
And I will always fly
like a Seabird
Yes I will always love you
But I will always fly...
