There's a smile on the faces I see
Since I find you
There's a laugh in the eye, where a tear used to be
Since I find you
There's a sound of a Memphis section playing on my
radio
And it sings of the reasons why I love you so
Since I find you
There's a groove that's so smooth
I can hardly tell who's in the studio
And all the girls on the street
Sing out of tune so sweet

I just have to go, it's all I need to know
Since I find you, I ain't never going to give you up
Since I find you, You keep me looking up
You keep me looking up
You keep me looking up
Turn it up
