Somewhere between the stars  
I will be waiting here for you.  
Somewhere between the stars  
We will past everything, everything we new.  
There'll be no need to say hello  
How it is we both will know  
Forever this will be the way we are-  
Somewhere, somewhere between the stars  
Somewhere between the stars  
Though you can't see me- I am always there.  
Somewhere beyond the Moon  
There will be no sadness, will be no fear.  
We past a mountain high-  
A way past the dark blue sky  
Together forever will be once  
Somewhere, somewhere between the stars.  
There'll be no need to say hello  
How it is we both will know  
Forever this will be the way we are-  
Somewhere, somewhere between the stars ( 4 times)
