Well, she thinks she's looking oh so cool  
She thinks she's great but she's just a fool  
What awful lack of class makes this kind behave this  
way  
I look and only think of one thin' to say

Soup, she's just soup  
Soup of the day  
Soup of the day

She's thin 'round the waistline  
Thin 'round the brain  
You see this type so many times  
Time and time again

How could they really think  
They'd be treated in any other way?  
Everybody's looking and everybody say

Soup, she's just soup  
Soup of the day

Well, you'd think they'd know better  
That behaving in this way  
They think they're being clever  
But I really have to say  
You'd better think it over  
You'll regret it one fine day  
When the circus party's over  
And you were just soup of the day

Soup of the day  
Soup of the day  
Soup of the day  
Here she comes now, soup  
Here she comes now  
She is soup of the day  
Soup of the day
