There's something 'bout it, that feels so good
From way down deep inside
And now I know this heart ain't made of wood
I feel the heat and I can't hide

I was lonely, I was lost somewhere
Suddenly I come alive
I will cross the stormy clouds tonight
And you'll be in my sunrise

I watch you dance, I watch you turn around
and leave them spinning in the air
And how they'd love to pin you down
You don't even know they're there

You don't care, no, you never will
Tears of laughter in your eyes
I will sleep a thousand dreams tonight
And you'll be in my sunrise

They try to see, they want it straight and clean
But it only goes to show
The more they read, the more they try to learn
The more they miss, the less they know

You don't care, no you never will
Tears of laughter in your eyes
I will sleep a thousand dreams tonight
And you'll be in my sunrise.....
