I'm a boat without an ocean
I'm a boat without a wave
I'm a sail without a strong wind
And I want someone to save, to save me

Teach me to dance

I'm a car without a driver
I'm a plane without a wing
I see you standing by my doorway
But I don't know how to let you in

Teach me to dance
I've been watching too much tv
I can't feel myself no more
I'm tired of all those macho movies
That ain't what this life is for

I don't want to hurt nobody
Just laughing, that's how I wanna be
'cos when that brick goes through that window
It don't make nobody free
