There's a time and place everywhere I go
When the river meets the sea
Somewhere between the gates of dreams
And the turning of the key

There's a cutting edge, it's a real fine line
And it's caught in come and go
And you're leaving what you thought you knew
To what you've come to know

Oh, when the twilight turns at the end of day
And the angels kiss the moon
There's a certain smile on a certain face
And it could not be too soon

There's a diamond sun everywhere she goes
And there ain't no other way
I'm gonna dream tonight by the pale moonlight
'Til the morning comes my way

I'm walking tall
And I'm walking fine
And I'm way up there
With that girl of mine
That girl of mine

And I'm standing in that twilight now
Yeah, I'm standing by her side
Oh, I'm gazing in that gate of dreams
Underneath that midnight sky

'Cos there's a diamond sun everywhere she goes
And there ain't no other way
I'm gonna dream tonight by that pale moonlight
'Til the morning comes my way

I'm walking tall
And I'm walking fine
And I'm way up there
With that girl of mine
That girl of mine, that girl of mine

I'm way up there
That girl of mine
That sweet little girl of mine
I'm way up there

That girl of mine
That girl of mine
That sweet little girl of mine
I'm way up there
That girl of mine
