Standing in the half light
Wondering if you can
There stands the priest of sinners
Consolation in his hands

Though he prays he won't need it
He keeps it by his side
Waiting for the face up
And the answer in her eyes

All while the music's playing
A backdrop serenade
There's only one point of view
To be doing the things
Things that lovers should do

Disco queens in dance step
Moving face to face
All tangled up in neon
Don't think it's some disgrace

The blue western denim
The East Coats razor edge
The European fashion
The leathers and re-threads

All while the music's playing
A backdrop serenade
There's only one point of view
To be doing the things
Things that lovers should do
