There she goes, the one that I love
The one I've been waiting for
The one I've been dreaming of

There she goes but she'll never be mine
Wasted all of my chances
Run clean out of time

There she goes with the wind in her hair
And a smile on her face
She doesn't know what I'd give just for one moment
To be in his place

Anyway
Take a look, there she goes
Take a look, there she goes

There she goes with the wind in her hair
And a smile on her face
She doesn't know what I'd give just for one moment
To be in his place

Anyway
Take a look, 'cos there she goes
Take a look, there she goes

There she goes, there she goes
There she goes
