It's a dream I know  
We all know so well  
Everywhere I go  
She's only one step behind  
I could search the world over  
But I'll never be free  
'Til the morning sun shines  
Oh my love, and me

I have taken so many  
Turns on this road  
I don't know east from west  
North or south which is best?  
I will never know now  
The best way to be  
'Til the morning sun shines  
Oh my love, and me

I went looking for my home  
On a cold winter's day  
Waved goodbye to my best friend  
As he faded away  
Somewhere between fortune and reason to be  
I found out there was only one thing  
That really mattered to me

Oh the busted and the lonely  
Are my only true friends  
Feel like a wounded old fighting dog  
Waiting for the end  
i've exchanged all my victories  
For just a short time to see  
The morning sunrise  
On my love, and me
