Say good morning, this is your lucky day
Most of your problems, they're gonna slip away
Ohh, I'm gonna help you, I can show you the way
So, give me so time my friend and hear what I say

You got too much pride, too much pride
Drive yourself crazy, you got too much pride

Take a look at the downside, anyway that you choose
Out here on the upside, you ain't got nothing to lose
Ohh, I'm gonna help you, I can show you the way
So, give me some time my friend and hear what I say

You got too much pride, too much pride
Drive yourself crazy, you got too much pride

Too much pride, it will drive you wild
It will burn your soul, cut you deep inside
Drag you down, get in your way
So take a look my friend, listen what I say

You got too much pride, too much pride
Drive yourself crazy, you got too much pride
You got too much pride, too much pride
Drive yourself crazy, you got too much pride

You got too much pride, too much pride
Drive yourself crazy, you got too much pride
You got too much pride, too much pride
Drive yourself crazy, you got too much pride
