Well concealed my human destitution  
Shroud of endless void within

A shadowed figure  
A lone failure  
Shameful posture  
Shy disciple of darkness  
A fool to decay in ever-cold

All scripts of life unknown  
Unheard  
Unseen  
All breath to give in to (dark) spiritual formulae

In grief  
Placid  
The world surrounding shatters  
Obsessed by I'll consumption

Possessed and inclined to enter this covetous passing

True and bitter with my destiny  
The wish of death

Be real!
