### "Merchants Of Shame"

Cult of warped perversion, dark conspiracy  
Mesh of depredation, sexual lunacy  
Abhorrent sadistic, garbled souls arise  
Eternal submission, the abducted cries

Merchants of shame  
Pervert is your name  
Drop the latch, the virgin writhes in pain  
Frail spasmodic fingers grasp in vain  
Grim humiliation running wild  
Another vanished and deflowered child

Misanthropic culprits, diabolic games  
Living dead and haunted in eternal shame  
Wretched eyes of sorrow, ruined soul in pain  
Life with no tomorrow in this world insane

Succumb to mad temptation and cold demonic lust  
Like lambs to the slaughter in horror and disgust  
Immured in this sepulcher, angels forlorn of hope  
Remorseless perpetrator, torture beyond our scope
