(guitar opening)

trash and bald men  
that dress and them pretty faces  
its time to free fall  
circus came here  
jaded baby, don't whisper in my ear  
better come closer cause  
music is loud here

I'm the monkey that you've always been afraid of  
I'm the spirit that holds your dreams  
Deep inside don't you have a little bit of sympathy

(Chorus)

Don't you wanna give me some affection?  
Why is it so hard?  
Come on Baby  
Gimme some affection  
Why is it so hard?

don't you get tired  
sleek smiling faces  
don't you get a little bit lonely  
hiding in crowded places  
don't trust the stranger  
you should know better  
this part of darkness  
may be your shelter

I ain't rich enough i really don't belong here  
I ain't gonna meet your momma and daddy  
Your good lookin but you'll get used to it like i did

(Chorus)

Don't you wanna give me some affection?  
Why is it so hard?  
Come on Baby  
Gimme some affection

Why is it so hard?  
Come on Baby

(guitar solo)

I'm the monkey that you've always been afraid of  
I'm the spirit that holds your dreams  
Deep inside don't you have a little bit of sympathy

(Chorus)

Don't you wanna give me some affection?  
Why is it so hard?  
Come on Baby  
Gimme some affection  
Why is it so hard?  
Don't you wanna give me some affection?  
Why is it so hard?  
Com on Baby  
Gimme some affection  
Why is it so hard?  
ahhhhhh
