In times I turned to you  
With a fist full of broken pride  
I was left standing there  
Hollowed out inside  
So why do you think I'm running  
Far from you?  
There are some wounds  
That your love can't heal  
Put out, hurt, and starving  
Tell me, are you asleep at the wheel?

Where have you gone?  
I think there's something wrong  
And this blackheart says it's true  
And I guess I know it's true  
And this blackheart says it's true  
Well I can't believe in you  
And this blackheart says it's true  
And I guess I know it's true  
And this blackheart says it's

So now I turn to you  
With a pale gaze from my eyes  
And a sinking feeling I was wronged  
So now we turn away  
From the bullshit laid before us  
Tell me is there something I should do?

And this blackheart says it's true  
And I guess I know it's true  
And this blackheart says it's true  
Well I can't believe in you  
And this blackheart says it's true  
And I guess I know it's true  
And this blackheart says it's  
True

So take what you want from me  
Cause I don't care  
Relieve me of my misery  
Do the worst that you can

I'll pray  
Pray at your alter  
Fall down at your knees  
Leave me faithless on the floor  
And do what you please

And this blackheart says it's true  
And I guess I know it's true  
And this blackheart says it's true  
Well I can't believe in you  
And this blackheart says it's true  
And I guess I know it's true  
And this blackheart says it's  
True

I've got to be found  
Because I'm going no place good
