So what now little girl?  
Who was it that changed your world?  
Hope is a funny thing  
When the pain cuts through  
But you will see it  
You will feel it soon

And I know that you're hurting  
Cause so am I  
Feel like life is ending  
Feels like you want to die  
Don't say it's over  
Even though it's gone  
Your life is just beginning  
Your life has just begun

In the heat of the moment  
Between you and I  
I will wipe away the fears  
And tears that you will cry  
Faith is a funny thing  
When the pain cuts through  
But you will see it

And you will feel it soon

And I know that you're hurting  
Cause so am I  
Feel like life is ending  
Feels like you want to die  
Don't say it's over  
Even though it's gone  
Your life is just beginning  
Your life has just begun

You were faulted  
The life owed to you  
But I can see  
Better things for you  
Don't say it's over  
Even though it's gone  
Your life is just beginning

Your life has just begun

You're not the only one  
Wish I could tell you why  
Everything good has to die
